

Digital X-ray at its best....

Existing X-ray Bucky stand
or Table Bucky

Simple USB device

Japanese Technology !
Indian Expertise !

Direct Digital Radiography System Can fit into any existing X-ray system

Sanrad DR system is free from the hassles of film processing or scanning the plate to acquire the image. It takes only a few seconds with simple steps from irradiating x-ray to displaying the image. Doctors and patients do not have to wait at all for the x-ray image.

It is very Economical too! It is now possible to eliminate all the consumable items such as films and chemicals.

Sanrad is the first Indian company to start manufacturing Direct Digital Radiography system with Japanese Technology.
